

[Food News] *A few of our favorite things to share this month about local food and drink*

What Are You Packin'?

We've all done it. Sometimes it's just easier to buy lunch than make it (guilty). But with **National Pack Your Lunch Day** coming up **March 10**, save a few dollars and make yourself a quick and creative treat. Forget your brown bag, gym tote or vintage lunchbox; pack your lunch in a mason jar! Make a delicious salad in six layers, then, all you have to do is give it a shake and pop off the lid. Oh, Snap. Fast, custom pizza is a trend so hot, it's fresh out of the oven. **Snap Custom Pizza**, with a new location in Exton (first in Ardmore), lets you build your own pizza in six simple steps—from type of dough to finishing touches. Make your way down the delicious assembly line and choose the many ingredients that will bring the tasty treat in your mind to life—all for \$7.49 and in less than five minutes. A masterpizza! 291 Main Street, Exton; *SnapCustomPizza.com*.

Restaurant Weeks Aplenty. What better way to wind down from winter than with good food and friends. Enjoy a restaurant week ... or three, beginning March 1 in **Lancaster City**, with menu packages from \$10–\$40. Or head to **King of Prussia** the week of March 7, with participating restaurants like LP Steak, for a 3-course meal for \$40. On April 1 let **Media** be your finale, with 3- to 5-course meals for \$30. *LancasterCityRestaurantWeek.com*; *VisitKOP.com/DineKOP*; *VisitMediaPa.com/RestaurantWeek*.

Go Green or Go Home.

How will you get your green on for **Saint Patrick's Day**? How about some flavorful drinks pleasing both to the palate and the eye and far tastier than green beer? Have a Muddled Avocado

Margarita, with avocado adding a subtle, creamy and flavorful taste. Or go for a Mint Muse Cocktail, and savor the fresh flavors of green. Recipes on *TheDailyMeal.com*.
