PREPARING ADS, COLOR PROOFS

- Document size should be the specified ad size with no additional border/white space. For full bleed ads please make sure crop or registration marks DO NOT fall within the bleed area (cropmarks must be at least 1/8" outside the trim size).
- Full page bleed ads should be created to the trim size of the publication plus bleed.
- For bleed, background should extend at least 1/8" (9 pts) on all four sides of the ad.

* Files that have to be extensively corrected or reformatted to fit our size may be subject to production charges.

TESTIMONIALS

“Walter J Cook Jeweler has been advertising with *County Lines* for as long as I can remember. We have always counted on *County Lines* to place us in front of an audience we value.”

Michael Cook, Owner, Walter J. Cook Jeweler

We have been a fixture on the back cover of *County Lines* for many years. ... I have lost count of the many people who tell us they see our ads and how impressed they are with the high quality of the magazine.”

Chuck Walsh, President, Wall & Walsh, Inc.

Advertising in *County Lines* has greatly increased our exposure to potential residents. Their team is professional and personable. We appreciate the extra coverage we receive in relevant features and calendar events.”
