

*Welcome to*  
**County  
Lines  
Country**

Most years we look forward to revisiting our favorite local sights and sharing new favorites with our readers. But this year is different. Museums are closed, events are cancelled or postponed, many are staying close to home.

Despite these challenges—and the fact that conditions are changing by the day—we've gathered the best our area has to offer, whether virtual or with social distancing required.

So welcome to our unique 2020 Guide to the area. We still have so much to be thankful for in our special community.

—enjoy!
